A fixer-upper with plenty of space and potential. The lower level features a 3 bedroom, 3 bathroom layout, with two bathrooms inside and one additional unfinished bathroom outside. Upstairs is completely open, offering a blank slate for additional living space, storage, or a custom layout. The home requires repairs and updates throughout, but the structure and layout provide a solid starting point. Great opportunity for an investor or buyer looking to add value. Sold as-is, where-is.
