Strawberry Hill

Listing ID: 000103795007

This charming two-story home features four bedrooms and two bathrooms, ideally located near popular restaurants and shopping centers for your convenience. Recent upgrades include new flooring and toilet on the upper level. While the second bathroom on the main floor is currently unfinished, it offers a great opportunity to add your personal touch. Step outside and enjoy a spacious backyard filled with mature fruit trees, including sugar apple, avocado, and breadfruit—perfect for relaxing or entertaining.
