El Salvador - Usulután

Ereguayquin

Listing ID: 003113372001

This incredible land of 200,000 Sq. Vr. has road and water access at its disposal. It is the ideal place for a project wants to highlight the harmonic relationship between a Salvadorian touristic route and its environment. In addition, the construction of hostels can be considered to house tourists, who can enjoy different spaces of tranquility and adventure within this property. The outdoor landscaping also provides the opportunity to appreciate the flora and fauna within the mangroves (salt forests). Live the experience of sailing by boat through the aquatic mangrove channels that connect with other beaches and attractions such as El Manglar hotel. Lets sail together on this impressive adventure!
